AFYON GREY MARBLE SAND BLASTED 14X48X2 EASED EDGE COPING

© STONELUX

Contemporary grey marble coping for crisp pool transitions.

Afyon Grey Marble Sand Blasted 14x48x2 Eased Edge Coping is a light cool-grey marble coping, cap, and tread piece with fine blue-grey speckling and soft cloudy movement from the Afyon Grey Marble Collection. The 14x48x2 size, 2" (5CM) thickness, and Eased Edge profile are used for pool edges, wall caps, and step treads. The Sandblasted finish gives the stone a matte texture, and V1 (Low Variation) supports a more consistent look across individual pieces with limited shade movement.
