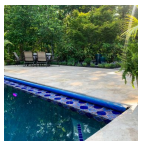
IVORY TRAVERTINE

IVORY TRAVERTINE TUMBLED 24X24X2 SINGLE BULLNOSE COPING - PREMIUM

© STONELUX



Soft neutral travertine coping for classic pool transitions.

Ivory Travertine Tumbled 24x24x2 Single Bullnose Coping - Premium is a beige travertine coping, cap, and tread piece from the Ivory Travertine Collection. The 24x24x2 size, 2" (5CM) thickness, and Single Bullnose profile are used for pool edges, wall caps, and step treads. The Tumbled finish gives the stone a matte texture, and V2 (Slight Variation) supports a balanced look across individual pieces with modest shade movement.
