AFYON GREY MARBLE SAND BLASTED 16X24X2 EASED EDGE COPING

© STONELUX

Resort-inspired marble coping for elevated outdoor spaces.

Afyon Grey Marble Sand Blasted 16x24x2 Eased Edge Coping is a light cool-grey marble coping, cap, and tread piece with fine blue-grey speckling and soft cloudy movement from the Afyon Grey Marble Collection. The 16x24x2 size, 2" (5CM) thickness, and Eased Edge profile are used for pool edges, wall caps, and step treads. The Sandblasted finish gives the stone a matte texture, and V1 (Low Variation) supports a more consistent look across individual pieces with limited shade movement.
