AFYON GREY MARBLE SAND BLASTED 24X72X2 EASED EDGE TREAD

© STONELUX

Resort-inspired marble tread for structured outdoor steps.

Afyon Grey Marble Sand Blasted 24x72x2 Eased Edge Tread is a light cool-grey marble coping, cap, and tread piece with fine blue-grey speckling and soft cloudy movement from the Afyon Grey Marble Collection. The 24x72x2 size, 2" (5CM) thickness, and Eased Edge profile are used for step treads, wall caps, long landings, and pool-edge details. The Sandblasted finish gives the stone a matte texture, and V1 (Low Variation) supports a more consistent look across individual pieces with limited shade movement.
