PRODUCT SPEC SHEET

ARCTIC GREY MARBLE

ARCTIC GREY MARBLE SAND BLASTED 14X24X2 EASED EDGE COPING

Contemporary marble coping for elevated outdoor spaces.

Arctic Grey Marble Sand Blasted 14x24x2 Eased Edge Coping is a blue-gray marble coping, cap, and tread piece from the Arctic Grey Marble Collection. The 14x24x2 size, 2" (5CM) thickness, and Eased Edge profile are used for pool edges, wall caps, and step treads. The Sandblasted finish gives the stone a matte texture, and V2 (Slight Variation) supports a balanced look across individual pieces with modest shade movement.
