BLACK BASALT

BLACK BASALT TUMBLED+BRUSHED 16X24X2 DOUBLE EASED EDGE WALL CAP (BEVELED)

Architectural basalt cap for coordinated outdoor walls.

Black Basalt Tumbled+Brushed 16x24x2 Double Eased Edge Wall Cap (beveled) is a black basalt coping, cap, and tread piece from the Black Basalt Collection. The 16x24x2 size, 2" (5CM) thickness, and Double Eased Edge profile are used for pool edges, wall caps, and step treads. The Tumbled + Brushed finish gives the stone a matte texture, and V1 (Uniform Appearance) supports a more consistent look across individual pieces with limited shade movement.
