PERA CREAM MARBLE

PERA CREAM MARBLE SAND BLASTED 24X36 3CM PAVER

Timeless marble surface for outdoor living spaces.

Pera Cream Marble Sand Blasted 24x36 3cm Paver is a beige marble paver from the Pera Cream Marble Collection. The 24x36 format and 1-3/16" (3CM) thickness are used for pool and patio decks, walkways, and stepping stone layouts. The Sandblasted finish gives the surface a matte, textured face with more grip than a smooth finish, and V1 (Uniform Appearance) supports a more consistent look across the finished field with limited shade movement.
