PRODUCT SPEC SHEET

PERA CREAM MARBLE

PERA CREAM MARBLE SAND BLASTED 24X72X2 EASED EDGE TREAD

Timeless marble tread for structured outdoor steps.

Pera Cream Marble Sand Blasted 24x72x2 Eased Edge Tread is a beige marble coping, cap, and tread piece from the Pera Cream Marble Collection. The 24x72x2 size, 2" (5CM) thickness, and Eased Edge profile are used for step treads, wall caps, long landings, and pool-edge details. The Sandblasted finish gives the stone a matte texture, and V1 (Uniform Appearance) supports a more consistent look across individual pieces with limited shade movement.
