TUNDRA GREY MARBLE

TUNDRA GREY MARBLE SAND BLASTED 24X72X2 EASED EDGE TREAD

Long-format marble tread for clean outdoor transitions.

Tundra Grey Marble Sand Blasted 24x72x2 Eased Edge Tread is a gray marble coping, cap, and tread piece from the Tundra Grey Marble Collection. The 24x72x2 size, 2" (5CM) thickness, and Eased Edge profile are used for step treads, wall caps, long landings, and pool-edge details. The Sandblasted finish gives the stone a matte texture, and V2 (Slight Variation) supports a balanced look across individual pieces with modest shade movement.
