Timeless travertine detail for integrated outdoor drainage.

Walnut Travertine Tumbled 6x12x3cm Drain Decor - Premium is a brown travertine drain decor piece from the Walnut Travertine Collection. The 6x12x3cm format and 1-3/16" (3CM) thickness are intended to coordinate visually with matching Walnut Travertine pavers while allowing drainage access in pool decks, patios, and other exterior paved areas. The Tumbled finish keeps the insert aligned with the surrounding tumbled stone, while V3 (Moderate Variation) creates more visible natural movement across the finished field helps set blending expectations with the field material.
